THEIR STORY

Name: B R Parmar  
 Age: 60 years  
 Location: Nandesari, Vadodara

B R Parmar, a resident of Nandesari village, was diagnosed with benign prostatic hyperplasia and urethral stricture at Deepak Medical Foundation (DMF). After considering his financial condition, the doctors suggested him to undergo a prostate surgery at the hospital itself. After making all the necessary arrangements for the operation, the surgeon at the hospital performed Transurethral Resection of the Prostate (TURP) and Visual Internal Urethrotomy operations on Mr. Parmar. Post the operation, he was under observation at the hospital for nearly a week where he was well taken care of by providing timely check-ups and medication. After being discharged from the hospital, he was rendered with periodic medical treatments to ensure his full recovery. Mr. Parmar is gratified with this treatment and is now leading a normal pain-free life. With this surgery, the foundation hospital has set new benchmarks for itself and is constantly striving to achieve new heights.

DEEPAK MEDICAL FOUNDATION
