Deepak Nitrite Limited, Solidaridad Network, Sofotel Infra, HNG, Schaeffler, JM Financial Foundation, Reliance, DuPont, Bharuch Dahej Rail Company, Larsen & Toubro, Government of Gujarat – Dept. of Health and Family Welfare

Our Presence:

About Us:

Communities living in far flung areas have little or no access to healthcare services. Mobile health services are a unique approach in healthcare deliveries for these communities. Mobile health units supplement the existing public health facilities and provide access to basic primary healthcare.

MHUs act as a robust preventive and promotive healthcare programs. Their regular presence and rapport with under served areas can be leveraged for introducing innovative, curative and preventive health care initiatives aiming to improve specific health and nutrition indicators of key vulnerable groups like women, children, and elderly.

Deepak foundation:

With the mission of social inclusivity, Deepak Foundation has been actively working in the areas skills building and livelihood, healthcare, education, disability and special needs. With a Pan-India presence, the foundation thrives to empower the underprivileged and unreached communities in the country.

Goal:

Providing primary health care services to population residing in remote areas and tribal areas through Universal Health Coverage.

Objectives:

- To strengthen the delivery of primary health services in villages having limited access to primary healthcare facilities.
- To reduce the out of pocket expenditure while accessing primary healthcare.
- To promote utilization of public healthcare services.
- To improve the health care seeking and awareness on key health and nutrition practices of women and children.

Activities:

Rapport building with the community, community leaders, beneficiaries:

Regular meetings with local leaders like Panchayat members, village committee members and other stakeholders.

Providing Medical Services :

Conducting regular OPDs, providing free medicines, organizing awareness sessions, conducting health camps.
