ABOUT US

OUR VISION

Empowering underprivileged communities to ensure holistic development, economic stability and a life of dignity.

OUR MISSION

Creating a socially inclusive and sustainable environment among the underprivileged communities by providing health care, education, capacity building and livelihood opportunities. We envisage a world free of distress, disease, deprivation, exploitation and subjugation, ensuring the overall well being of the family, society and community.

OUR GOAL

Our goal is to extend a helping hand, in the times of crisis. We encourage these women and empower them to be self-dependent and be the bread winners for the family.

SHG women were professionally trained by Prof. Amita Pandya, Former Head, Department of Clothing & Textile, The M.S. University of Baroda
