ABOUT PROJECT EXCEL

Project Excel aims to create sustainable impacts for individuals, farmers, and potential micro-enterprises. Through a holistic approach, towards livelihoods and micro-entrepreneurship opportunities and social protection, the project strives to drive lasting transformations within communities across Dwarka and Jamnagar districts in Gujarat, empowering them to achieve greater prosperity and resilience against socio-economic challenges.

GOAL

The project goal is to enhance access to information and awareness about various government programs and schemes for rural communities. This includes details on eligibility, prerequisite documents, and the application process. Additionally, the project aims to ensure beneficiaries receive their social entitlements and benefits by facilitating them the application process, while also strengthening collaboration with government bodies.

OBJECTIVES

- Build capacity of identified community cadre and engage them in facilitating eligible beneficiaries at village level.
- Organize sessions to educate and inform the community about available government schemes and services.
- Conduct outreach camps to facilitate a large number of people in obtaining essential documents and applying for various schemes.
- Facilitate beneficiaries in applying for eligible schemes to ensure they receive their entitled benefits.
